I Use Anthropology To...

- Understand how and why analog astronauts and space medicine professionals utilize space analog habitats.
- Assist in developing cross-cultural communication and diversity training programs and protocols for analog astronaut missions.

Marketable Skills

- Data and Text Analysis
- Survey design and analysis
- Qualitative research and analysis
- Quantitative research and analysis
- UX (User Experience)
- Project Management

Methodology

- Participant Observation
- Individual Interviews
- Surveys
- Journal Entries
- Documents
- Photography
- Video and Audio Recording
- Electroencephalogram (EEG)
