

3 KEYS TO SUCCESS IN URBAN BEINGS:

- 1) Prepare. You are responsible for learning all assigned material even if not explicitly covered in lecture. Lectures may “spill over” from Monday to Wednesday. Assigned readings should be completed **before class** on the day they are assigned.
- 2) Participate. Complete the talking points in advance. Stay engaged during classroom discussion. Come prepared to ask questions. Answer questions that I ask the class, if not out loud, then when you are taking notes.
- 3) Communicate. Ask questions in class (there is no such thing as a stupid question!). Chances are, someone else has the same question. Make an appointment to come to office hours if you have questions or concerns you wish to discuss privately.
